 EMBROIDERY UPGRADE I

Upgrade your Radiance embroidery and sewing machine with new features! Enjoy stunning embroidery and decorative designs, Pattern Projection+ that traces your entire design, and a new ~10 5/8" x 16" (272mm x 408mm) Carbon Fiber Magnetic Hoop designed for effortless hooping and versatility. This must-have machine software upgrade expands your creative possibilities and ensures your next embroidery masterpiece comes together brilliantly.

**~10 5/8" x 16" Magnetic Hoop
 (272mm x 408mm)**

Made from Carbon Fiber infused plastic, this hoop is both lightweight and exceptionally durable, and its magnets provide incredible stability for your project.

13 New Embroidery Designs

Enjoy 13 stunning embroidery designs for even more creative possibilities.

Pattern Projection+

As the hoop moves, sections of the embroidery design are projected onto the fabric, allowing you to automatically check the entire design before stitching.
